A LETTER FROM THE ISLAND

The Island, June 7, 1937.
I look away at the lake and wonder why it never rains. Following the unusual high winds of the past few weeks, the island has almost total lack of rain, the average farmer may think he has cause to be a little discouraged.
Having had a chance to see the greater part of the country around La Glace, Bonaventure, Grande Prairie and Wembley in the past few days, including today, we can only realize the wonders of this Great Peace River Country. Nowhere in the western states or up through southern Alberta is there another such a country that can absorb an over-abundance of rain and take it with a smile or, if necessary, struggle along with so little moisture and still produce a fair crop. All the conditions mentioned above we saw no spot where crops were actually suffering, though rain would be a welcome visitor, especially on land late sown to oats or late planted gardens.
Seems to me we have carried up the hill from the lake water level to find that the whole island was there. With the barometer still pointing high and dry, it's still a gamble with high wind to first find a drop of rain. Anything transplanted in the last few weeks has called for desperate treatment in the line of water.

We are reminded of the time of sports in Grande Prairie on July 1, 1935. At that time, after a bonfire, spring, not over half the grain was showing above ground. And did it rain during those days? I still don't think it did. Some of you may read these lines will also remember that the crop seemed to simply boil up out of the ground with a promise of fine fine crop as ever. It was a miracle. In the face on the night of August 9—a scant six weeks from the time it was first seen, after a bonfire, with another two weeks of favorable weather would have made a bumper crop.

Can you beat a country like that? There is plenty of time yet for a real harvest in this year of 1937. So get the jump out of your back and keep your chin up. To all of you who are here, they say every cloud has a silver lining and when all the world takes to that dark brown color, it always changes and gets worse.

For the benefit of the hundreds of splendid people who are here, we have taken to this island for berries and are now wondering what happened to the berry crop on the island. It is just from frost, it is a real pleasure to tell you that while there was a slight touch of frost, I am confident the damage is not over one per cent. So if there is no later calamity, you may rest assured there will be berries for everybody and then some.

Heretic measures were used this spring hoping to have the garden and flowers just a little nicer than ever, but so far the weather has been far from favorable. The offer we made you in a former article of growing roots on plants and cuttings that you have been a failure still holds good. June wood or last year's growth, if fresh, is good. No time to waste on broken pipe hot handles—try the hardware store.

Unlimited water in a new clean well here now the cabin may make it a little better than last year for example. Leave the mow of your dogs at home, keep your horses tied up, and do NOT destroy the nice young trees when around the beautiful camping places. The Island is yours to enjoy but not to destroy.

Respectfully,
FRED C. WILHELM,

DAD'S NOTIONS

By E. S. Stanley

EVERY MAN IS ON A TETHER
Before his abdication, the present Duke of Windsor commended the seconding to later reports, that though he was the head of the Empire he alone appeared, and did not marry the woman of his choice.

"None of us lives in himself alone." We cannot escape the claims of others. The higher we are in honor, fame or position, the more restricted and the more clearly marked is the line beyond which we may not go.
With marriage the young person's leash is shortened. The lines and duties of another must now be included in his consideration. He must consider the claims of his wife and if he doesn't know he must give as well as take he will probably never learn it.
Again and again the tether is shortened by the children. Time spent and money used must embrace the needs of each added member. Struggle enough we had before, but now we must struggle more and more. Yet not for a million would we part with any one of our "little troubles." But that's another theme.

The term perhaps is the least restricted while the one binding the position of highest honor stands at the other extreme.
I am sure there is a line. The words I believe once uttered long since by the present Duke of Windsor and audibly calling himself "a little fellow" speaking it is easy to imagine he was wishing for the liberties of a common man—the freedom to roam the foothills of Alberta, perchance, as you and I might do.
With each laboring step up the hill of fame another link is removed from

GOSPORT

The name of Gosport nowadays suggests not the rather ordinary town lying opposite Portsmouth, with its yacht yards and aerodrome, used chiefly by the Fleet Air Arm Submarine Base. Its ancient glories are forgotten, though a faint echo of them reached me last Friday when, on looking through an American air catalogue which Instructor Lewis had received I saw ordinary intercommunication telephones labelled as "Gosport" phones.
Ask any instructor of the 1918 vintage, however, what his memories are of the place and certainly he will say it was an excellent spot. He will probably also mention the name of its Commandant for Smith Barry, Gosport, and the School of Special Flying used to be synonymous terms. Those who have studied the hard history of the time will have noticed that while the quality of the air was good, there was a sudden improvement in the middle of 1917. This was due entirely to the genius of Colonel Smith Barry. In 1916 he returned from overseas to No. 1 Reserve Squadron and realized that there was something very rotten in the state of British flying training. The aviation was appalling and the standard of plotting very low. This he caused by the fact that the problem had not been studied scientifically. In the bottom of his mind he knew that the air was not safe, because in the air machines did inexplicable things such as spinning out of control. He arrived to tell the tale after a spin, with the result that the instructor's motto was "Safety First" and that a pupil learned from him was to get off some, make a circuit somehow, and land somehow, which was hardly a satisfactory state of affairs.
Smith Barry attended all this. This is a small yellow book written by him

Legislature Happenings

By T. B. Windsor

EDMONTON, June 8.—The provincial legislature resumed its session Monday this week under somewhat exciting conditions and with the galleries crowded to the last inch. It opened and then adjourned to Tuesday immediately.

There was a tense atmosphere in the chamber when the speaker rose to lead in prayers and everybody felt that something dramatic was about to happen.
During the morning the Social Credit caucus had been held for the purpose of discussing the legislative program and with the object of reaching a compromise in the situation that would bridge over the differences between the two parties. It is reported that the insurgents refused to commit themselves as to any program until they knew what Major C. H. Douglas had told Mr. MacLachlan during his visit to London.

Mr. MacLachlan is on his way to Edmonton and cannot get here before Thursday morning. So it was decided to ask the house to suspend the rules mandating twenty-four hours' notice to introduce a motion and to allow a move adjournment for one week.
The Social Credit side was in a quandary as to whether to suspend the rules. The Liberal house leader, J. J. Bowen, rose and expressed disagreement with the suggestion, and this prevented a unanimous decision, which is necessary for each time the Premier Abernethy gave notice of motion that he would move adjournment of the house to Monday, June 14, when it opened Tuesday. This ended the business for the day. On Tuesday the house adjourned until the following Monday.

Asked why he had objected to the suspension of the twenty-four-hour rule, J. J. Bowen stated the only reason was that the Liberal opposition objected to the delay and waste of time that another adjournment for one week would mean. We want the government to get on with business," he declared.

It may be asked whether the outlook for peace in the ranks of the Social Credit party is any brighter. There is no knowing what went on in the corridors, but judging by the talking in the corridors, the situation is just as strong as before the house adjourned. There has been no real attempt to bridge over the differences between the two parties. Monday's "insurgents" were saying, "We will not compromise with the Premier, while the government supporters were flinging charges against being joined against the attack."

It is not thought likely by most members, however, that things will be pushed far enough to cause a split and bring on an election. Naturally some people consider an election would not be favorable to the Social Credit government in any case now. But that is only opinion based on current Parliamentary talk, which is full of rumors and wild speculations.
It is now certain that little progress will be made until after MacLachlan arrives here with Major Douglas reply to the invitation to come to Alberta and the party knows definitely what to expect from him. The house will adjourn until Monday, when the real and crucial debate in the house will begin over the government's budget proposals. Which side will win will still open.

Our liberty's chain. Our present federal member of parliament ceased not his study when through school, however much he liked the idea of going to study. Others played while he pursued economics.
"Abe" Lincoln studied at night and at it again so early in the morning his roommate wondered if "Abe" had slept at all. But his restriction on one hand was profit to him on the other.
You can't eat your pie and keep it. You can't reach the summit of the hill and at the same time rest in comfort at its base.
You can't focus in at every turn. It is either this or that. And again this has fused into another theme—compensation.

McFARLAND-FOSTER

A very pretty wedding was celebrated at the home of Mr. and Mrs. J. B. Foster on Thursday, June 3, when their eldest daughter, Ruth Bernice, became the bride of Mr. Wm. Harold McFarland, of the Royal Bank staff, Edmonton.

The ceremony took place at 5 o'clock in the afternoon, the officiating clergyman being the Rev. K. A. Knutson. The bride's wedding dress was of old ivory silk, one which had been previously worn by an aunt thirty years ago, with veil and orange blossoms. She carried a bridal bouquet of pink and white roses, with maidenhair fern, and was attended by her sister, Doris, who wore a gold dress and carried a bouquet of roses. Mr. Norman Foster, cousin of the bride, supported the groom.

The groom's gift to the bride was a large toilet-set, inlaid with silver; to the bridesmaid a ring and to the bridesman a watch.

The house was very prettily decorated with wedding bells, and the happy couple stood while the ceremony was being performed by Mr. Knutson. After the ceremony the bride and groom, accompanied by the bridesmaid and bridesman, left by auto for Edmonton, Calgary and Banff, and points west.

Many beautiful and useful presents were given to the bride. The bride's going-away costume was a green ensemble, a three-piece dress with hat to match. The newlyweds left by auto for Edmonton, Calgary and Banff, and points west.

We take this opportunity of wishing Mr. and Mrs. McFarland happiness and the best of luck in their new venture.

SINGS A SOLO AT DE BOLT CHURCH—FIRST IN HIS LIFE

(From United Church News Service.)
DEBOLT, June 7.—Roy Hicks, a DeBolt United Church missionary, was welcomed here by a throng that packed the church for Sunday's service. He told them that if as large a crowd attended the Sunday service, he'd sing a solo.

Roy Hicks had never sung a solo in his life before, and he waited anxiously for Sunday to come. The church was packed. He sang a solo.

Hicks is one of 200 students attending United Church colleges who went out to summer mission fields this year.

The first thing Roy Hicks did in his mission field was to establish the duplicate envelope system for church members.

They, he set out to reduce the debt on the log church and the big manse. Among the 200 students who went out to mission fields this summer is one, Audrey Black, who is studying at St. Stephen's College, Edmonton.

She was assigned to Wesley Creek, near the Peace River District.

Fifty-four students from Emmanuel College, and Victoria College, Toronto, went to northern and western Canada. Thirty-five students from Pine Hill University, in the Maritimes, will be on similar missions.

The United Church of Canada pays the transportation costs of the students, and the mission fields are asked to pay something toward the missionaries' stipend. Last year the students' share—the money was pooled—was ten dollars each. Out of this they must pay their own living expenses.

Many of the mission fields to which the students went have been without spiritual enlightenment and leadership eight months of the year.

The total production of milk in Canada in 1936 is estimated at 10,741,613,100 pounds, an increase of 384,801,000 pounds on the final estimate of 10,356,661,300 pounds in 1935.

VALHALLA CENTRE

HANSON-MADSEN
VALHALLA CENTRE, June 8.—The Valhalla Lutheran Church was the scene of a very beautiful wedding Sunday June 5, when Hulda Madsen, youngest daughter of Mr. and Mrs. Madsen, was joined in the holy bonds of wedlock to Albert Hanson, second youngest son of Mr. and Mrs. Simon Hanson of Valhalla Centre.

The bride was lovely in a dress of white crepe de chine with lace and a flowing veil effect.

Marie Hansen, sister of the bridegroom, was bridesmaid and wore a dress of rose colored printed organdy. Mark Hansen was best man.

Congratulations of the entire community go out to Hulda and Albert, who are held in very high esteem by all who know them.

CHARIVARI FOR NEWLYWEDS
On Sunday evening the young people surprised Hulda and Albert with a charivari. For nearly fifteen minutes no voice could be heard above the clatter of dishes, the peals, glow shares, shingles and cowbells. When the bride and groom appeared they were showered with rice.

Afterwards games were played and a delicious lunch served.

Congratulations to Mr. and Mrs. Harry Horte on the birth of their son.

The infant daughter of Mr. and Mrs. Clifford Floen was christened in the Valhalla Lutheran Church last Sunday, taking the name Ruth Florence.

MRS. RONNING'S HEALTH MUCH BETTER
Valhalla people are glad to hear of the marked improvement of Mrs. H. N. Ronning, who is generally considered the pioneer mother of the Valhalla settlement.

Mrs. Ronning was confined to her bed nearly all winter, but on Monday was able to go for an automobile ride. Her friends and neighbors hope that she has reached a milestone on the way to improved health so that she can move amongst us and be one of us again.

The Turner family and Mrs. Baker spent Sunday at Bear Lake, returning on an extended trip through the country, taking the same route Florence.

Albert Nepstad, Mark Hanson, Mabel Nepstad and Mrs. H. Glenen left on Wednesday night for the States and to the Pacific Coast.

ENTERTAINED FAIR CROWD
The Clifford Entertainers drew a fairly large crowd at the Centre on Wednesday night of last week. Those present were well satisfied with the show, and the orchestra to the rhythm of a snappy two-piece orchestra.

The Mission Band, under the direction of Mrs. Vices, assembled last Saturday and a delightful time was had by all the ladies.

LEAGUE CONDUCTS SERVICES
Last Sunday evening's services were conducted by the Lutheran League, under the direction of their president, Mrs. L. Nepstad.

Mrs. Nepstad, after addressing a few words to the audience, presented a very pleasing program, based on Loyalty to Home, God, Community and Country.

The sermon proper was in three divisions—the first speaker being Olive Finrite, second, Marie Housland; third, Everett Nash.

One of the most interesting items of the program was a reading given by Mrs. Baker, who sought most emphatically to make those present appreciate their souls to find just why they were loyal to country, God and home.

Was it for some selfish motive whereby they thought they themselves would benefit or was it a true spirit of undivided loyalty?

Pleasing musical numbers were rendered by Eleanor and Dolores Melness and Arthur Hallen.

The next social function of the Lutheran League will be a week-end, the third Wednesday evening in June. All welcome.

BUFFALO LAKES

SAD DEATH
BUFFALO LAKES, June 7.—We are very sorry to report the death of Elsie Christensen, 15-year-old daughter of Tris Christensen, who passed away last week. The interment was at Buffalo Lakes cemetery.

Heartfelt sympathy is extended to father, mother and the family by all the people of Buffalo Lakes.

CROPS LOOK GOOD
Crops in this district are looking fine but are now in need of rain. Last year it was the same until the 14th of June. Maybe—who knows?—next year's weather may be repeated, to the joy of everyone. Let's hope so.

There should be some very good crops around Buffalo Lakes this year, according to some of the things that people hear, but it's rain that's needed, nothing else, as rain is a very big factor in the yield.

WINS BOX OF CHOCOLATES
Miss Davies was the lucky winner of the ten-pound box of chocolates at the Buffalo Lakes store. Absolutely no other reports, etc., but it was ten pounds, not five pounds.

Three local Isaac Wallons went fishing and the fish they exhibited to all at the store was no fish story, as it weighed 8 pounds 4 ounces—not 9 pounds 4 ounces as elsewhere reported—when weighed by C. L. Larson himself on May 22.

Must be summer at last. It is walking around with his three-quarter overalls on.

Geordie gave his car a good washing with Peace River water before going down to the rain-starved prairie of Saskatchewan, Regina being his journey's end. He had very good company on his business and pleasure trip. Not from the local store, also Miss J. Johnson and Mr. S. Dolemo.

travelling as far as Kinaman, Alberta, with him.

The trucks of the district, "let" now very busy hauling grain into town. Too bad some of the grain didn't get in when the price stood at \$1.20 per what and 45 cents for oats.

ENJOY PICNIC AT ALEXANDER'S
A very enjoyable picnic was held at the home of L. Alexander on the 6th. The picnic was the order of the afternoon, both by ladies and gents. Races (most of course) and were indulged in by many.

Visitors from Grande Prairie, Rio Grande and Spirit River were seen in attendance.

Ed Carney also brought Vimy Ridge and travelled to Lethbridge for a vote convention, leaving here at 5:30 Sunday morning. Nif Seale is general factorium during his absence.

Mr. and Mrs. Ed Gummer have left for Ontario. Last time he went home was in 1919, to the best of our recollection. We all hope he finds everyone in the best of health and that he and his wife have a very enjoyable time.

All the schoolchildren are teaching their books to drive up north.

A very busy too travelling around these days. Good luck, big boy.

ONE of the best things about Chevrolet quality is the way it saves you money on gas, oil and upkeep—and assures you of higher "trade-in" value later on.

For instance, the quality design of Chevrolet's Valve-in-Head Engine saves you as much as 10% on operating costs! Knock-Action, on Master De Luxe models, saves you dollars on "tightening-up"—because it cushions the car, as well as the passengers.

PRINCIPALS IN CLIMAX OF ONE OF WORLD'S MOST AMAZING ROMANCES

Marriage of the Duke of Windsor and Mrs. Wallis Warfield at the Chateau de Cande near Monte Carlo, France, climaxed one of the world's most amazing romances. The best man to the former King was Major Edward Dudley Metcalfe, for 15 years equerry to Edward. Mrs. Merriman, aunt of Mrs. Warfield, was her only relative present. Only intimate friends of the couple were invited.

WHEN THE LONDON BUSMEN WERE OUT ON STRIKE

This picture shows a crowd of busmen at a meeting in Hyde Park, London, while they were on strike during a most important period in London's history, the Coronation. It was thought the employers would agree to the busmen's demands rather than tie up traffic during the Coronation, but the good-natured Londoners walked to work. The strike was settled later.

DIVERT NIAGARA'S TORRENT TO SAVE THE FALLS

An unusual job of engineering construction is in progress above the Canadian Horseshoe Falls at Niagara, where a weir is being built to divert the river's current and prevent further erosion of the natural rock, which has gradually been "creeping" up the river. This excellent aerial view shows the site of the weir above the falls, which are seen in the photograph.

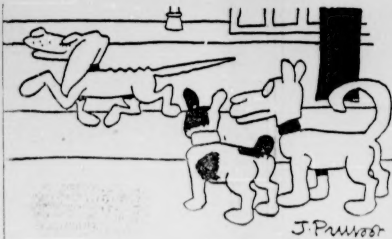

MEMBERS OF FAMOUS SOCCER TEAM REACH CANADA

On their arrival at Quebec on the Empress of Australia, Charlton Athletic's soccer team, which will tour Canada and the United States, was welcomed to the Dominion by Sam Davidson, secretary of the Dominion Football Association. In the group above are, left to right, Harold Turner, captain of the team; Dr. J. Montgomery, medical officer; James Reid, manager of the club; Sam Davidson, and Dr. D. H. Clark, a director of the Charlton Club. The visiting footballers will start the Canadian part of their tour in western Canada early in June.

SCENES FROM THE FUNERAL OF JOHN D. ROCKEFELLER

The last rites for John D. Rockefeller were the occasion for a gathering of the entire family of the late oil king, including, top, John D. Rockefeller, Jr., and his five sons, left to right, John D., Jr., David, Nelson, Winthrop, Lawrence and John D. III. Mrs. Fowler McCormick, the former "Fifi" Stillman, now the wife of John D.'s grandson, is at the lower right. The last resting place of the Standard Oil founder is shown at the lower left, the Rockefeller family monument in the centre.

BRITISH AIR FORCE DISPLAY FOR CORONATION VISITORS

When various representatives of the air forces of the Dominions went to London to attend the Coronation they were entertained by the Royal Air Force. This picture shows a display of flight acrobats by a fighter squadron during a special show put on by the Royal Air Force for the benefit of the visitors. Practically every type of new machine performed before the select grandstand of spectators, and the display was very convincing.

A PRETTY JUNE BRIDE

Miss Susan Rempel, daughter of Mr. and Mrs. Wm. Rempel of Grande Prairie was united in holy matrimony to Mr. Henry Unger, eldest son of Mr. and Mrs. H. Unger of Grande Prairie, on June 4, at the St. Paul's Baptist Church, the Rev. J. M. Baxter officiating.

Pretty "Susie," looking like a real June bride in her charming dress of white crepe-back satin, with an ankle-length veil and white accessories, was attended by Miss Mary Hayton, who wore a yellow organza with white accessories.

Bernie Rempel was the best man. The wedding lunch was held at the bride's parent's home, where the young couple will reside for the present.

That evening the young people of the Baptist Church were invited to their home, bringing with them many useful and beautiful gifts. Before the serving of a dainty luncheon various games were played, making the evening a most enjoyable one for all.

Wedding Bells

UNDER-REMPLE

A quiet wedding was solemnized in St. Paul's Baptist Church at 2 p.m. Friday, June 4, when Miss Susan Rempel became the bride of Mr. Henry Unger, both young people of Grande Prairie district.

The bride was attired in ivory crepe and lace, carrying a bouquet of pink and white roses. She was attended by Miss Mary Hayton, while the groom was supported by Mr. Howard Rempel, brother of the bride.

Following the wedding supper was held at the home of the bride, after which the young people of the Baptist Church spent a very pleasant social evening at the bride's home. Rev. J. M. Baxter performed the marriage ceremony.

BAUER-FORD

A quiet wedding was performed at the Baptist parsonage Tuesday, June 1, at 4 p.m., when Miss Irene Caroline Bauer became the bride of Mr. George Elmer Ford, both of Wembley.

The bride was attended by her sister, Mrs. Annie Bauer, while the groom was supported by Mr. Thomas W. Plaut. Rev. J. M. Baxter officiated. The young couple plan to make their home in the Wembley district.

TOWN GIRLS DEFEAT PUBLIC SCHOOL GIRLS IN SOFTBALL

There was great excitement at Grande Prairie Recreation Park Monday evening. The reason for this was that a team representing the town and a team representing the public school met in a sudden death softball game.

A good-sized crowd was in attendance and the fans cheered lustily for their respective teams. When the cheering had ceased and the smoke of battle had cleared it was found that the town girls had won by the close score of 31 to 20.

Bert Powell was the referee.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Ready to go.

The liver should pour out two pounds of bile every twenty-four hours. If this bile is not flowing freely, your food does not digest. It just drops in the bowels. You feel bloated, you get constipated, (hard) pressure gets into the body and you feel sick and the world looks black.

At the same time, you should never get up at the time you want to. You feel tired, you feel weak, you feel old. It takes time, good, and you feel better. While you are taking these two pounds of bile flowing freely and make you feel "up and up." (Happiness and peace) they make the bile flow freely. They do the work needed but have no talent or memory in them. Ask for Carter's Little Liver Pills for your stimulating value anything else. 2p-51

Amazing Facts about Bread

HAVE BEEN DISCOVERED IN THIS PART FEW YEARS—FACTS THAT DISPROVE MANY POPULAR BELIEFS

Bread Is Not Just a "Filler" In Your Diet

As some people think—a cheap means of satisfying hunger—it is the best known source of your grain and food—BREAD. Eighty-five per cent of the food we eat is used for energy. And diet authorities say that at least one-fourth of this should come from bread—six slices or more, every day for the average person doing average work.

The one now proposed for the south Peace River area will comprise almost half of the schools in the Grande Prairie Inspectorate. This division will include all schools from the Wapiti River on the south and as far north as Red Heart, Webster and Teepee Creek.

While it is impossible to address ratepayers in each of the 70 districts, it has been arranged to concentrate on as many central points as possible, in order that those interested from adjoining districts might attend. Notices giving the place of each meeting are being mailed to secretaries of the schools affected for posting. Afternoon meetings will commence at 3:30 and evening meetings at 8:30.

A. Gudmundson

(Continued from Page One)

The chairman then called upon D. W. Pratt, who presented Mr. Gudmundson with a combination pencil and certificate. In making the presentation Mr. Pratt said that the award was a mixture of pleasure and regret. Mr. Gudmundson, he said, "owed much to Grande Prairie. It was here he married, it was here his first child was born and it is from here he gets promotion."

Mr. Gudmundson, in brief reply, thanked the Board of Trade for the honor done him and referred to his very pleasant associations during his four years' residence in Grande Prairie. Everyone then stood up and sang "For He's a Jolly Good Fellow."

Major Tooley, on behalf of the town, expressed regret that Mr. Gudmundson was leaving. "We hear from Rosewood," observed Mr. Tooley, "that Mr. Whitlock, who is a good worker for his firm but is also a good worker for the town, and he hoped that he would join up with the Grande Prairie Board of Trade."

Mr. Whitlock in reply referred to the warm welcome which he had received and he hoped that he would continue to be of service in cooperation with the Grande Prairie Board of Trade.

Best wishes were extended to Mr. and Mrs. Gudmundson and welcome extended to Mr. Whitlock on the part of the press by Frank Holloway, The Herald and J. R. Rule of The Tribune.

T. Blair, chairman of the membership committee reported progress, adding that he expected to be able soon to report at least one hundred members.

perfect day for golf, with a slight east wind, but later the wind changed to north and west, and was quite strong at times. The course was in splendid shape, with all the greens levelled and cut around fifty yards out. This will make a great improvement in the course, the player getting the direction to the pin he plays for.

Pro. "Bandy" Stevenson is doing everything possible to have the course in perfect shape for the Dunlop Handicap Tournament.

No cards of special mention were turned in on the day's play.

On Ladies' Day, Thursday, June 17, there will be a hidden hole competition.

The mixed two-ball foursome competition was postponed on account of inclement weather, but has been set for Wednesday, June 16.

The match will be played on the new, reseeded turn-out. Suitable prizes will be given the winners.

The Dunlop Handicap Tournament will be played off on Sunday, June 20.

The player turning in the lowest card for the eighteen holes, after allowing the handicap, will be declared the winner.

W. Dick is the present holder of the beautiful trophy, winning with a card of 81 and a handicap of 6, making an 87 net.

Bezanson Baseball Team Win From Clairmont 11-10

(Continued from Page One)

BEZANSON, June 8.—This sports grounds here staged a popular spot last Sunday afternoon, the attraction being a baseball game between the Bell-Fleming team and Clairmont. There were 34 cars on the grounds.

Clairmont had the advantage in the eighth, the score standing 9 to 3. It was a blue outlook for the home team. Then the Bezanson boys sent their bats into a noisy excitement when they accounted for eight runs in the ninth, while the visitors annexed only one. This left the Bezanson standing 11 to 10 in favor of Bezanson. Batteries: Bezanson—Lloyd Nellis and E. McLaughlin; Clairmont—Miles Lee and Tommas.

During the remaining innings Bezanson annexed two more runs while Clairmont failed to score by four runs.

Watkins, hurler for Bezanson, proved one of the big stumbling blocks in the way of the visitors. Not only did he strike out a flock of batters but he knocked out a home run and a three-bagger.

Ray Palmer, catcher for Bezanson, made two marvellous field catches. Murray for Grande Prairie pitched a sharp game.

Jim McQuarrie of Hythe made an attempt to escape from guard duty at the battlement.

Batteries: Grande Prairie—Murray and B. Crumley; Hythe—Watkins and E. McLaughlin.

The diamond was in excellent condition.

A so-so number of Grande Prairie reporters were in attendance.

The return game will be played on Sunday afternoon, June 20, at 3 o'clock.

Dr. Haynes, manager of the Grande Prairie team, spoke highly of the treatment received here.

Next Sunday, June 13, the Bell-Fleming baseball team will journey to Deloit and try conclusions with Deloit's ball tossers. The game will be called at 2:30 sharp.
